“Love love love this itinerary... I've wanted to explore more of Scotland for the longest time and it's so cool that you were able to see one of the places which inspired Bram Stoker! Also, that seal photo is just too cute!”

“I've never even heard of most of these places. Scotland seems so romantic – it's definitely on my bucket list!”

“I'm planning never to go a year without visiting Scotland, so I should really add Aberdeen to my list of places to visit!”
